

Verified Green Compass

ISO 14083

Galliker Transport AG

Kantonstrasse 2
6246 Altishofen
Switzerland

The Galliker Transport AG has successfully implemented the ISO 14083. Through an independent assurance engagement, it has been verified that all processes and the methodology for the calculation of CO₂ for transport regarding the organization's Green Compass initiative is accurate, plausible, and valuable. The organization has very good performance in accordance with the CO₂ methodology and the relevant standards. The content and principles of the report have been externally assured in accordance with international Assurance Standards.

The organization is authorized to bear the following Trust-Mark:
